

# VIP AIR EXPERIENCE

## THE ONLY WAY TO FLY

You invest a significant amount of time and money in designing meetings and incentive travel programs that will create a lasting impact on your attendees. You carefully select, inspect and re-review every detail of the on-site experience so that each detail reflects the importance of the event.

**But, do you give that same careful thought to your air travel service?**

At JNR, our team of dedicated air specialists ensure a smooth experience for your attendees from the first point of contact through final departure. By being informed and actively involved in the travel process from the start, our team can adjust to changes as they occur and provide your attendees with personalized, real-time information to create the best possible air travel experience.

**YOU ARE OUR TOP PRIORITY.**

**YOU ARE NOT JUST  
A TRANSACTION.**
